KOONGARRA EXHIBITION DAHLIAS

C. B. WEISS

SEASON, 1942

Phone F 3042

**Moules Road, Magill
SOUTH AUSTRALIA**

Foreword

Once again the ever-increasing popularity of Koongarra Dahlias is evidenced by the record sales experienced last season, and also by the extracts (given below) which are taken from just a few of the numerous testimonials received from satisfied clients who have had great success at shows, or in their own home gardens, with Koongarra Dahlias. It is also pleasing to report that four more "Koongarra" specialties were featured on American Dahlia Honour Rolls last year. No other strain of Australian dahlias can report such success, which encourages me to offer the following catalogue of really choice dahlias to the discriminating dahlia-loving public. You can have similar success and be satisfied. **Grow "Koongarra" prize-winning Dahlias!**

Mosman, N.S.W.

Thank you very much for sending on the dahlias so carefully packed. They arrived in splendid condition. . . . The dahlias are all growing. . . .

Mrs. E. M. Robson.

South Fremantle, W.A.

I received the dahlia tubers well packed and in good condition; in fact, I have them all growing. . . .

W. Wallan.

Hawthorn, Vic.

I have to acknowledge receipt of the dahlias to hand, which arrived in perfect condition, and I see no reason why I should not have excellent results. . . .

W. Rimmer.

Gordonvale, Q.

Just a few lines to let you know I received the dahlias in splendid growing condition. . . .

Geo. Parry.

Minnesota, U.S.A.

The shipment of dahlias arrived in perfect condition. Everyone had a live eye and was firmly sound. This is the only one hundred per cent. shipment I have ever received in my several years' experience importing dahlias from other sections of the world. Thank you very much for the outstanding care and efficiency which was used in filling my order.

Norman Borgen.

Introduction and Conditions of Sale

In presenting this new catalogue of dahlias I wish to thank all my numerous patrons for their past support, and, in soliciting a recurrence of their esteemed patronage, to assure them and all new clients that their wishes will always receive my closest personal attention.

This list has been brought right up to date with the best varieties from all dahlia-producing countries, and is the most comprehensive and balanced collection in the Commonwealth, it being my aim to please all dahlia lovers, both those who grow dahlias primarily for garden and home decoration, as well as the most discriminating exhibitors, who will find within a rare collection from which to choose.

All novelties have been tried and proved in my nursery, and, while your local conditions may cause some variation, those catalogued can be confidently relied upon, the descriptions being as faithful as possible and quite unexaggerated. Do not be discouraged if a variety does not do well with you the first year; try it again, as some need to be acclimatized, or the season may not have suited it.

All are guaranteed and true to name, and all divisions, pot roots, and plants are from sound, healthy stock, field grown, and not over stimulated in any way. It is well known that such stock will give more vigorous plants than that which has been highly forced and stimulated. Purchasers can, therefore, confidently rely on Koongarra stock.

COLLECTIONS.

Collections of named dahlias (any type or types), my selection, are made up at any price from 12/- to 40/- per dozen. They are the best value obtainable in dahlias to-day, and represent a reduction on catalogue prices. For those who are not thoroughly conversant with the varieties listed, I would advise that the selection be left to me, and if I am informed of the colours, price, and types desired, and whether they are required for garden or exhibition purposes, I will send only those capable of giving complete satisfaction.

All dahlias supplied are guaranteed and true to name.

SUBSTITUTION.

If I am unable to supply any variety asked for, it is customary for me to substitute a similar one, as good as, or better than, the one named, at no extra cost, and this practice will be followed unless I am advised to the contrary, **in which case please add some extra names as second choice.**

GUARANTEE.

All dahlias are guaranteed good and sound when they leave me, and with at least one "eye." Should, however, any be damaged in transit, I will cheerfully replace them, free of charge, if returned to me **AND POSTAGE IS SENT**, but **no complaint will be entertained unless received within seven days after despatch.** In all branches of gardening there are always some disappointments, due to causes beyond my control, such as adverse weather conditions, pests, inexperienced planting, cultivation, etc., which renders it impossible for me to guarantee your success, but I do guarantee to fulfil your orders with sound, healthy stock.

COUNTRY AND INTERSTATE ORDERS, POSTAGE.

Country and interstate orders, unless freight can be paid the other end, should have 1/6 per dozen added for postage or railage to the country, and 2/6 per dozen for interstate for the first dozen, 1/- for each additional dozen.

PACKING.

Each tuber (or plant) is packed in moss and separately wrapped, a system which ensures every dahlia arriving in perfect condition, even after travelling long distances. (See testimonials.)

TERMS.

Strictly NET cash with order from country or interstate clients. **Exchange must be added to country and interstate cheques.**

These, and on page 2, are my only Conditions of Sale, and, in ordering, clients automatically accept same.

New Exhibition Decoratives

AND SEMI-CACTUS OF SPECIAL MERIT

In all cases tubers are available, but in some instances they are very limited, so if only tubers are desired, early reservation is necessary, as orders are supplied strictly in rotation. All varieties promised prior to despatch are subject to stocks being available, as there is always a small amount of wastage through decay, failure in "starting," etc. If tuber stocks become depleted, green plants will be sent.

ABBREVIATIONS.

(F.D.) Formal Decorative; (I.D.) Informal Decorative; (S.C.) GIANT Semi- (or Hybrid) Cactus; (G.C.) MEDIUM Garden (or Semi- or Hybrid) Cactus. Some may be right on the border-line between two types, and may vary under different conditions, but this classification is as accurate as possible. **ALL ARE STIFF-STEMMED.**

Recent "Koongarra" Specials

The following are exclusively "Koongarra" Specials, raised or released by me, and maintain and conform to the highest standard set by former "Koongarra" releases. Their quality is undoubted, and all have blue Ribbons, Certificates, or First Prizes to their credit.

CENTURION (F.D.)—This magnificent deep, exhibition bloom can be grown up to 10 inches without coarseness—a large size for a formal. Broad petals building up a bloom of perfect refinement. Its colour is rich golden-yellow, lightly suffused and edged terracotta. Good long stems. Very fine 3/6 net

CHRISTINE (G.C.)—A dainty, well-formed bloom of exquisite shrimp-pink, well carried on splendid long, upright stems. One of the finest of its type yet introduced. A "Koongarra" novelty of great merit 3/6 net

EVA MURPHY (G.C.)—A grand acquisition of deep golden-yellow, deeper than any other yellow in this type. Of perfect exhibition form and medium size on long, stiff stems, with petals fine to medium and slightly incurved. Vigorous grower. Outstanding 3/6 net

F. HOLMES (F.D.)—This magnificent novelty is a huge, perfectly-formed variety of great depth and substance, correctly carried on extra fine, very stiff stems, with every bloom reliable. Purest gold with carmine suffusions. A variety you cannot afford to pass by. Vigorous, sturdy grower, which, with its other excellent qualities, places it in the extra special class 6/- net

FIERY DAWN (G.C.)—Intense fiery scarlet, a colour so arresting that one cannot pass it by. Of medium size and fine exhibition type on incredibly long, stiff stems. Sturdy grower of open habit, all its flowers being borne well out of the plant. Its vivid colouring and splendid type and habit make it indispensable for all purposes. Champion Vase, Adelaide, 1942 3/6 net

FROLIC (G.C.)—Tall, upstanding plants with splendidly formed blooms, perfectly carried on exceptionally long, stiff stems. Medium to large blooms of pink, lightly suffused apricot, with a sheen of lavender. A gem! 3/6 net

F. VIANA (I.D.)—Here we have a magnificent dahlia which is truly a champion. Its size is immense and its formation perfect, with broad overlapping petals. Its colour is wonderfully attractive, being deep salmon-rose with gold base. Sturdy, medium grower with every bloom reliable and well carried on long, very rigid stems. Superb exhibition variety 7/6 net

JAMES WISBY (I.D.)—This magnificent variety bears the name of one who was an ardent dahlia lover and one of the keenest growers of Giant Decoratives I have ever come in contact with. It is a huge variety of radiant henna-orange, rich and glowing, and quite distinctive; tall grower, with all blooms correctly carried on extra long, rigid stems. Extra! 6/- net

KOONGARRA ELEGANCE (G.C.)—A perfectly-formed G.C. of rare quality, medium in size, with depth and perfect refinement. Rich rosy, coral-red blooms, correctly carried on long, slender, but very upright stems. Extra. 3/6 net

KOONGARRA GRANDEUR (F.D.)—This marvellous 12-inch dahlia will undoubtedly rank amongst the best Decoratives I have ever released. The plant is tall and vigorous, and the huge, perfect, broad-petalled exhibition blooms are well carried, facing one on extremely long, cane-like stems. Its colour is new and delightful—glowing golden-apricot, edged and tipped russet, resulting in a rich mahogany centre. Sensation! 6/- net

KOONGARRA REGAL (F.D.) —

Another "Koongarra" release of splendid colour, form, and growth. Its huge blooms of perfect form, together with its good depth and substance and glorious shade of rich deep purple-rose, make it a novelty of outstanding merit. Tall, vigorous grower, with very long, stiff stems. You cannot pass this by! 5/- net

KOONGARRA SUNBURST (S.C.)

This grand new variety is the ideal, perfect type of S.C., and one I am proud to offer. Of large size and great depth, with petals broad at extreme base but fully revolute for the greater part, slightly incurved with high cone centre. Strong, open grower with all blooms carried well out of the plant on incredibly long, straight and rigid stems. Colour — rich gold with carmine-bronze suffusions. Champion Bowl at Adelaide, 1942. Grand for show or garden 3/6 net

"F. Viana"

LAURA HEUREY (F.D.)—The colour of this grand novelty is purest lavender throughout, a shade long wanted in this type. Huge, well-formed exhibition blooms on very rigid stems. Sturdy grower and a grand acquisition to this class. Extra! 3/6 net

LUSTROUS (G.C.)—Well-formed exhibition G.C. of rich crimson-cerise intensely vivid and remarkably arresting. Medium, sturdy bushes with blooms well carried on fine, rigid stems. Its remarkably vivid colouring and fine formation make it indispensable. A real gem! 3/6 net

MAGICIAN (I.D.)—A huge, deep, and massive variety of great substance and splendid exhibition form, well carried on grand, stiff stems. Its colour is unusual but may be described as golden-yellow with biscuit reverse, the general effect being a rich champagne. Medium-sized, sturdy plants. Extra! 3/6 net

MAGNETIC (G.C.)—A grand variety of pure deep yellow, extraordinarily freely borne on remarkably clean, long, rigid stems. Of fine, regular formation and good depth on tall, vigorous plants of splendid habit. The crown and side buds develop nearly at the same time, enabling one to pick many single stems of three blooms. One of the brightest in the garden 5/- net

MIGNON CORNELL (G.C.)—One of the daintiest and best-formed yet offered in this type. Extremely free flowering early and late and grand for exhibition or vase work. Cream with light salmon suffusions and tipped rose, giving a rich rose glow to the always closed centre. A real gem 3/6 net

MRS. FRED. DOWNER (G.C.)—One of the most perfect exhibition Garden Cactus yet introduced. Medium to large in size, freely produced on perfect long stems, with faultless centres. Exquisite rosy-mauve. Superb! 2/6

MRS. G. A. RICHES (F.D.)—Huge, perfectly formed exhibition formal, well carried on extra stiff stems. Its brilliant, intense flame colour is more vivid than any other red and at once arrests attention. Champion and First Prize as Best Seedling. Outstanding 3/6 net

ROSE D'OR (G.C.)—A perfectly formed medium to large G.C. of best exhibition type on very long, rigid stems, well carried out of the strong vigorous plant. Rich crimson-cerise; very bright and striking 3/6 net

STARTLER (F.D.)—Grand variety of great size, depth, and substance, exceptionally free flowering, and when disbudded builds into a huge bloom of truest formal type on very stiff stems. Its main attraction is its exquisite new colour: bright purple-rose overlaid with silver — there is nothing like it at present. Medium sturdy grower. Outstanding 5/- net

WM. R. SHINKFIELD (I.D.)—An immense 12-inch bloom of great depth and substance, perfectly carried on extra, long, stiff stems. Strong grower with all blooms perfect and reliable. Petals broad, slightly twisting at tips. Rich gold with darker shadings and peach reverse, giving a rich glow to the always-closed centre. A "Koongarra" origination of great merit 3/- net

Very New and Very Special!

TEN WONDERFUL NEW DAHLIAS

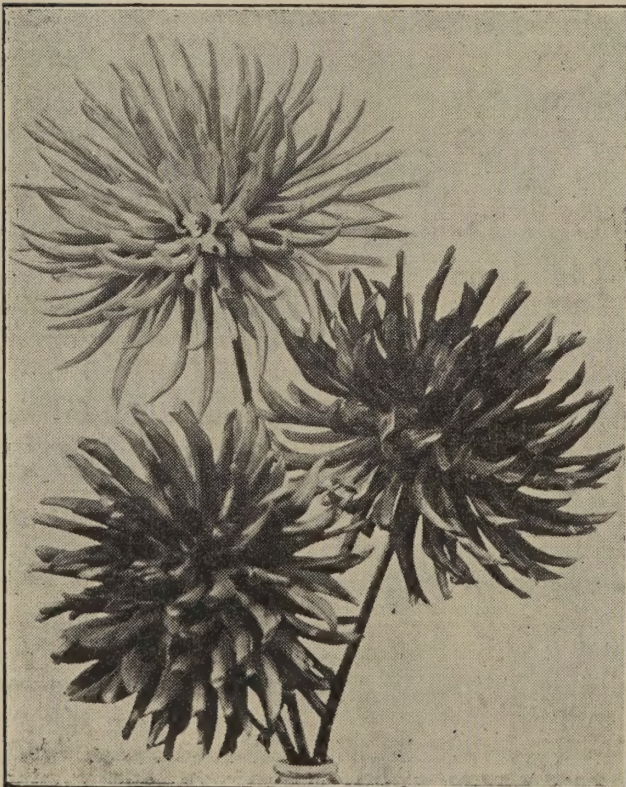

(Tubers Very Limited)

DOROTHEA LYONS (G.C.)—A "Koongarra" seedling of outstanding charm and merit, which will enhance the reputation of "Koongarra" dahlias. Medium to large in size with every bloom reliable and perfect in formation, carried right out of the vigorous plant on perfect long stems. Its colour, however, is its chief charm: rich apricot-saffron—an inadequate description, but quite different to anything we have. Grand for exhibition or garden. Don't miss it 5/- net

FLYING FORTRESS (F.D.)—A wonderful exhibition variety of new and dainty colouring: golden-buff with salmon suffusions, each petal picoteed carmine. Of largest size, great depth, and perfect formation on extra long, very stiff stems. Medium to tall vigorous grower, with all blooms carried high out of foliage. A dahlia I am proud to offer Tubers 10/-; plants, 7/6 net

KITTYHAWK (I.D.)—An outstanding exhibition variety of immense size and splendid formation, well carried on fine, long stems, and one which will meet with great success. A seedling from my previous outstanding success, "Wm. R. Shinkfield," with all its parent's good qualities. Old gold in colour, with pastel shadings. Extremely beautiful and undoubtedly a marvellous acquisition for show purposes Tubers, 10/-; plants, 7/6 net

KOONGARRA BRONZE (G.C.)—Another outstanding "Koongarra" origination of perfect type and form. Rich glowing bronze with gold shadings at base. Medium-sized blooms of wonderful exhibition merit and one of the best yet. Extremely free flowering with all blooms well carried out of the medium sturdy plant on long, stiff stems. One of the "must-haves" which will surely charm you 5/- net

KOONGARRA DREAM (G.C.)—A grand exhibition variety of best exhibition type and form, and on account of its charming and outstanding new colour, delightful coral-apricot, also ideally suited for vase work. Medium to large in size with every bloom perfect and carried on long, stiff stems right above the strong, vigorous plant. A rare and beautiful novelty. 5/- net

LIBERATOR (F.D.)—A variety of outstanding merit and one of the best I have ever offered. Of huge size and best exhibition form, well carried on extraordinarily long, upright stems. Deep velvety-crimson with black shadings and centre, a colour much wanted in this section. Tall, open grower with all blooms high out of the foliage. Indispensable for all purposes and an indisputable champion. Tubers, 10/-; plants, 7/6 net

Top: "Mrs. T. A. Rafferty"
Left: "Koongarra Bronze" Right "Spitfire"

LIEUT. A. WEISS (S.C.)—A giant "Koongarra" origination, perfect in type and form and indispensable for exhibition. Strong, vigorous habit with petals broad at base but fully revolute and pointed at tips. Of great depth, with stems long and rigid. Colour: gold, overlaid deep salmon-rose similar to "Paul Pfitzer" but deeper; of same formation but altogether a larger and improved variety. One of the most outstanding varieties ever offered. Sensational! 7/6 net

MRS. T. A. RAFFERTY (G.C.)—A delightful fine-petalled G.C., eminently suitable for exhibition, garden, or vase work. Medium to large in size with every bloom well carried on long, wiry stems right out of the open, medium-sized but sturdy bush. In colour superb apricot-buff with peach shading. A delightful gem raised at "Koongarra," which will surely please 5/- net

SPITFIRE (G.C.)—One of the brightest yet offered — luminous rosy-cerise, a colour both striking and beautiful. Medium to large in size, of faultless exhibition type and great depth, and perfectly carried right out of the vigorous plant on long, very stiff stems. Blooms early and late, and holds its centre well. A "Koongarra" origination you simply must have 5/- net

SUMMER DREAM (G.C.)—A splendidly formed variety of a colour one dreams about but rarely sees — a rich real pink. Medium-sized blooms suitable for exhibition, vase, and garden. Sturdy medium bush with all blooms well carried right above the foliage on long strong stems. A "Koongarra" seedling of highest merit 5/- net

"Koongarra Sunburst"

Recent American "Honour Roll" Dahlias

The following are the cream of the recent releases from U.S.A., which have been obtained at great expense. All have figured in American Honour Rolls. I have personally grown and flowered them all, and can highly recommend them, having discarded those imported which did not conform to our standards. Tubers very limited.

CARL G. DAHL (I.D.)—Huge, well-formed, 12-inch bloom of apricot-buff with old rose reverse, well carried on fine, upright stems. A sensation at New York where it took the Award as best bloom in the show and when on trial in New York Gardens it won the popular vote. Sensational! 3/6 net

DAHLIA SEED

(Approximately 50 in each packet)

My seed I can claim to be the best in Australia, it being saved from the best exhibition varieties only, such choice dahlias as Koongarra Grandeur, Mary Shinkfield, Mrs. F. Downer, Koongarra Ideal, Wm. R. Shinkfield, Koongarra Gem, and many others having been obtained from it. It is in three grades:

No. 1: General selection in any type: 1/6 and 2/6 per packet.

No. 2: Special exhibition strain, any type: 3/6 per packet.

No. 3: A limited quantity from selected and proved seed-parents, large types (named): 5/- per packet.
